<p>Five Nights At Freddy's 4 is the last part of the original Five Nig
hts at Freddy's tale, where you must defend yourself from animatronic charac
ters.</p>
<p>As a youngster with an unknown duty, you must protect yourself until 6
a.m. by keeping an eye on the doors and warding off any unwelcome animals that m
ay venture into your closet or onto the bed behind you. In this version, you hav
e to guard against more animatronic characters than the previous version, includ
ing Freddy Fazbear, Chica, Bonnie, Foxy, and even various scarier creatures lurk
ing in the shadows. Your duty will become extremely hard and challenging.</p&
gt;
<p>You can only protect yourself with a flashlight. It will scare away any
thing lurking at the far end of the corridors, but be cautious and listen. If yo
u go too near to anything, flashing lights in its eyes will be your undoing.<
/p>
<p>Note that Nightmare Fredbear works alone on Night Five and Foxy is in t
own. When you check the closet, get ready to shut the door immediately. Check be
hind you on occasion! If anything sounds out of the ordinary at all, shut the do
or!</p>
