&lt;p>The game is set in an Amazonian forest with ancient temples and the lik  
e, and ceramic balls are moving along a set path in each level, with the paths g  
etting more complicated from one stage to the other one. Your goal is to elimina  
te all of the rolling balls before they reach the yellow skull, because if they  
do, it opens its mouth, eats them up, and you lose the stage.&lt;/p>  
&lt;p>You shoot your balls, two at a time, from a frog statue, using the mous  
e, and you can change between them with the right mouse button while using the l  
eft one to make the shot after aiming. Aim to hit or create groups of three or m  
ore identical balls, meaning that they have the same color, since then they expl  
ode, and might even create a chain reaction with other ones.&lt;/p>
