

mega giga sena

The reason why GB was so high is because campaign packs were only paused/queued and not deleted so the space was still allocated.

200 GB and two separate : r/blackopsoldwar - Reddit : blackopsoldwar : comments : 200_gb_and_two_separ...

The proper answer is that your install size is bloated due to the game counting both the PS4 and PS5 versions. Since you bought either the Cross-Gen bundle or the Ultimate Edition, you get both versions, which can be played separately on your new gen console.

Is it meant to be this big?? : r/blackopsoldwar - Reddit : blackopsoldwar : comments : is_it_meant_to_be_this_...
