Minecraft Classic is an online version of the famous open-world sandbox

building game. It is a remake of the original Minecraft and was released for its

10th anniversary by the developer Mojang. In the game, players can build in creative

mode using 32 available blocks. The game has a multiplayer feature so you

can play with up to 8 friends.

History;

Minecraft was first released to the public on 17 May 2009. Today it is

published in the exact state of its initial release. This means that there are only

32 blocks that you can build with, and all the original bugs are in there! So

if you are used to the latest version, it can be quite a shock to see how the

game has evolved. To quote Tom Stone from Mojang "With just 32 blocks to build

with, all the original bugs, and an (inter)face only a mother could love, Mi

necraft 2009 is even more glorious than we remembered!"

We all came to understand what the guys

wanted to do, Pedowitz said, explaining that Ackles and Padalecki wanted to go

out while the show was still relevant. Additionally, Pedowitz cited

span; spending time with their families and seeing what else was out in the wor

ld as the guys' reasons for ending the show.
