Some solitaire variations have higher odds

of winning than others, with FreeCell having the highest chance and Pyramid Sol

itaire having the lowest. FreeCell has a win rate of around 99%, while Pyramid S

olitaire ranges from 0.5-5.5%. The key to winning a sol

itaire game is making the right moves.

t;div><div>You can complete a game of Pyramid Solitaire in two ways: wi

th a win or a loss. To win, you must match and discard every card in the pyramid

, stockpile, and discard pile. However, after you have moved every c

ard from the stock to the discarded pile three times without winning, the game i

s over, and you lose.
