To reset Netflix, unplug your TV and plug it back in. Then, sign out of the Netflix app and back in. Restart your network to get rid of any temporary files from Netflix on your router. Check that the Netflix servers aren't down, which will cause the app not to work on your TV.

5 Simple Ways to Reset Netflix on Your Smart TV - wikiHow : Reset-Netflix-on-Smart-TV

While the content of the error code differs based on the streaming device, the Netflix code NW-2-5 means that your device is not connected to the internet or something like a firewall, parental controls, or proxy is blocking your connection to Netflix. On some streaming devices, the error code might pop up as NW-3-6.
