Start by picking if you want to be Mario or Luigi, a

nd know that you move using the arrow keys, , and press the spacebar to selec

t items. This is going to be basically like Mario Forever, only online, and you

, get to re-visit all of the amazing worlds you've grown to love, giving it y

our best to reach the end , of each level without dying.

Along the way, hit bricks and blocks to collect the coins inside them,

but sometimes you get mushrooms, which can help you grow in size, which is

the red mushroom, while the green mushroom will give you the ability to sho

ot fire. Avoid or shoot enemies, such as the turtles or the Kappa, because if th

ey touch you, you lose or decrease in size.

The number of lives you have is limited, so don't lose them all. B

e careful of the man-eating plants coming out of the green tubes, but use some o

f them to teleport. Also, make use of platforms, static or moving ones, and

make sure to never fall in the pits, since that also means you lose. Get t

o the end of each level, until you finish all the stages and save Princess Peach

!

How to play? Use the ARROW KEYS.
