They can transport themselves anywhere in

the world at any time, for any reason. Due to a genetic anomaly, cert

ain quantum mechanical interactions in the nerve cells of a Jumper create micros

copic inter-dimensional apertures between this universe and another u

niverse where physical laws as we know them do not pertain.

You should leave jumper cables connected for

around five minutes at first. If your car still does

n't start after five minutes, it may take longer up to 30 minute

s in extremely cold temperatures. If after 30 minutes your car still doesn't

start, there's likely more wrong than simply a dead battery.
