<p>The single-player campaign takes place 3 years after the previous entry

and focuses on the new conflict in which Task Force 141 is involved. When an Am

erican general is killed during the missile attack, the world stands on a brink

of global conflict. That's when Task Force 141 is called to prevent further

escalation and take control of the situation. But naturally, it's not that s

imple and the players will have to face many adversaries, among which are the te

rrorist organization Al-Quatala and the drug cartel Las Alamas. CoD MW2 has the

kind of action-packed story that will keep you on your toes and make sure you#3
