<p></p><p>The year 2027 brought hope to a world on the brink o

f environmental and political collapse. On the last leg👍 of its funding,

NATO's United Space Mission (USM) made a discovery on the moon that changed the course of human👍 history. A large alloyed sphere, found nestled in a crater under the lunar dawn, is revealed to be an alien👍 artifact containing a message for mankind. As an international team slowly deciphered the artifact, the content of this message began👍 catalyzing a huge leap forward in our sciences. Humanity was abruptly catapulted into a new interstellar age.

There are those👍 who now believe we were not ready. Intense, fast-paced, team combat. Animation and camera control that make you feel like👍 a space marine...super human. Have it all: jetpacks, armor, hammers, swords, guns, bombs, in melee, ranged, and aerial combat. Tanks👍 smashing with hammers, deadly Scouts slashing their enemies down the middle with their katana, different jetpacks for every class create👍 dynamic aerial combat, Gunners sniping from across the map, and Tech healing and dueling while laying down turrets.

Even throw👍 f-bombs! All class specific jetpacks allow you to hop and bound across the map gaining momentum and speed. Your team's👍 combined skill and coordination determine the winner of this tournament. Choose to fight as one of a growing cast of👍 classes battling in 10-20 minute matches.

Please try it out, it is not like other shooters.</p>
