<p></p><p>A map of North America's physical, political, an

d population characteristics as of 2024</p>

<p>North America is a continent[b] in the Northern and Western Hemispheres

. [c] North America is bordered to the north by the Arctic Ocean, to the east by

the Atlantic Ocean, to the southeast by South America and the Caribbean Sea, and

to the west and south by the Pacific Ocean. Greater North America includes the

Bahamas, Bermuda, Canada, the Caribbean, Central America, Île Clipperton, K

alaallit Nunaat (Greenland), México, Saint-Pierre-et-Miquelon, the Turks an

d Caicos Islands, and the United States of America.</p>

<p>Continental North America covers an area of about 24,709,000 square kil

ometers (9,540,000 square miles), representing approximately 16.5% of the Earth&

#39;s land area and 4.8% of its total surface area. It is the third-largest cont

inent by size after Asia and Africa, and the fourth-largest continent by populat

ion after Asia, Africa, and Europe. As of 2013 , North America's population

was estimated at nearly 579 million people in 23 independent states, or about 7.

5% of the world's population. In human geography and in the English-speaking

world outside the United States, particularly in Canada, the terms "North

America" and "North American" are typically defined as including

just Canada and the United States.[7][8][9][10][11]</p>

<p>It is unknown how and when first human populations reached North Americ

a. At present, people were known to live in the Americas at least 20,000 years a

go[12] but various evidence points to possibly earlier dates.[13][14] The Paleo-

Indian period in North America followed the Last Glacial Period, and lasted unti

l about 10,000 years ago when the Archaic period began. The classic stage follow

ed the Archaic period, and lasted from approximately the 6th to 13th centuries.

Beginning in 1000 AD, the Norse were the first Europeans to begin exploring and
