<p>A single-player video game is a video game where input from only one pl ayer is expected throughout the course of🧲 the gaming session. A single-player game is usually a game that can only be played by one person, while " ;single-player🧲 mode" is usually a game mode designed to be played by a single player, though the game also contains multi-player🧲 modes.[1]</p> <p>Most modern console games and arcade games are designed so that they ca

<p>Most modern console games and arcade games are designed so that they can be played by a single player; although🧲 many of these games have modes that allow two or more players to play (not necessarily simultaneously), very few actually🧲 require more than one player for the game to be played. The

Unreal Tournament series is one example of such.[2]</p>
