Let's say you're a car enthusiast and you've just watched the latest Mad Max movie. You're blown away by the incredible vehicles that appear on screen. You start thinking about how they were built and what it would be like to drive one. You're not alone. Many people are fascinated by the design and engineering of these machines. So how did you guys build these incredible vehicles? The production designer on Mad Max: Fury Road, Colin Gibson, instructed me on specific vehicle and set requirements by providing me with his sketches and ideas.
