There are two pieces of fruit of each colour except for one colour. Each student holds two pieces of fruit, one in each hand, except for one of them who will have an empty hand. The rule is that they can only pass a piece of fruit to a neighbour who has an empty hand.

The Orange Game is a routing and deadlock-avoidance challenge

Choose a challenge and place all game pieces as indicated on the game board.

Move the game pieces around, so you can maneuver the virus (the red game piece) to the exit.

You have found the solution when you can force the red virus completely through the opening and off the game board.
