&lt;p&gt;2010 video game&lt;/p&gt;

&lt;p&gt;Call of Duty: Black Ops is a 2010 first-person shooter game developed by Treyarch and published by Activision.&#127824; It was released worldwide in November 2010 for Microsoft Windows, the PlayStation 3, Wii, and Xbox 360, with a separate&#127824; version for Nintendo DS developed by n-Space. Aspyr later ported the game to OS X in September 2012. It is&#127824; the seventh title in the Call of Duty series and the sequel to Call of Duty: World at War.&lt;/p&gt;

&lt;p&gt;Set in&#127824; the 1960s during the Cold War, the game&#39;s single-player campaign follows CIA operative Alex Mason as he attempts to recall&#127824; specific memories in order to locate a numbers station set to instruct Soviet sleeper agents to deploy chemical weapons across&#127824; the United States. Locations featured in the game include Cuba, the Soviet Union, the United States, South Vietnam, China, Canada,&#127824; and Laos. The multiplayer component of Black Ops features multiple objective-based game modes that are playable on 14 different maps&#127824; included with the game. Improvements to loadout options and killstreak rewards are made. A form of virtual currency, COD Points,&#127824; allows players to purchase weapons and customization options for their in-game character, as well as attachments and customization options for&#127824; their weapon.&lt;/p&gt;

&lt;p&gt;Development for the game began in 2009. Whereas Treyarch worked on both World at War and the tie-in video&#127824; game for the James Bond film Quantum of Solace simultaneously, they focused specifically on Black Ops during this development cycle.&#127824; Different teams within Treyarch focused on a certain game mode. Black Ops runs an enhanced version of the IW 3.0&#127824; engine used in World at War. The improvements made allowed for bigger campaign levels to be made as well as&#127824; enhanced lighting. Music was composed by Sean Murray, with licensed music by the Rolling Stones, Creedence Clearwater Revival, and Eminem&#127824; appearing in the game. Avenged Sevenfold also recorded an original song for the game as well. The marketing of the&#127824; game began in April 2010.&lt;/p&gt;

&lt;p&gt;The game received generally positive reviews from critics with praise for its story, voice-acting, darker tone&#127824; and multiplayer modes, although some criticized it for its linear gameplay and technical issues. Among other awards and nominations, Call&#127824; of Duty: Black Ops was nominated Game of the Year by numerous media outlets and award shows, including the Interactive&#127824; Achievement Awards, British Academy Games Awards, and Spike Video Game Awards. Within 24 hours of going on sale, the game&#127824; had sold more than 5.6 mi
