Some say it's luck; predicting corners in a football game, but we at AFootballReport find in corners very profitable markets especially in live events; when odds go very high as the game evolves. So how do we predict corners? Of course as any other football prediction and corners are related to a number of pre-match and team factors. First of all we should see the type of game we're looking for or the type of game we want to predict. Is it a game with a strong favorite or just two equally strengthen teams that play. If it's a game with a strong favorite probably we should pay attention to the corners predictions as strong favorites always keep the ball in possession more than the other teams and create more chances as they push forward almost during the whole game. Keep in mind in live events that if the score is in favor of the favorite team then this team would not be so motivated to create chances and would probably win less corners than in a draw event or from behind. Second thing we should use when making our corners tips is to see the teams lineups and tactic for the upcoming game. Target tea
