<p></p><p>Football corners predictions is one of the fairly ne

w tips offered by tipsters and by us. Some say it's luck 1 ,   £ predicting cor

ners in a football game, but we at AFootballReport find in corners very profitab

le markets especially in live events 1 ,   £ when odds go very high as the game evo

lves.So how do we predict corners? Of course as any other football 1 ,   £ predicti

on and corners are related to a number of pre-match and team factors. First of a

ll we should see the 1 ,   £ type of game we're looking for or the type of game

 we want to predict. Is it a game with 1 ,   £ a strong favorite or just two equall

y strengthen teams that play. If it's a game with a strong favorite probably

 1 ,   £ we should pay attention to the corners race predictions as strong favorite

s always keep the ball in possession more than 1 ,   £ the other teams and create m

ore chances as they push forward almost during the whole game. Keep in mind in 1

 ,   £ live events that if the score is in favor of the favorite team then this tea

m would not be so 1 ,   £ motivated to create chances and would probably win less c

orners than in a draw event or from behind.</p>
<p>Second thing we 1 ,   £ should use when making our corners tips is to see

the teams   lineups and tactic for the upcoming game. Target 1 ,   £ teams with more

 offensive tactics and teams that use wingers heavily in their attacks. For exam

ple, some good wingers for 1 ,   £ the home team could easily produce more than 10-

20 crosses in the penalty area which very often defenders clear in 1 ,   £ corners.

</p>
<p>Corners in the late stage of the game are more likely to happen than in

 the early minutes. Usually teams 1 ,   £ are very careful in the opening minutes o

f a football game and they try to enter the game more passively 1 ,   £ than aggres

sively. As the game continues depending on whether a team is losing or winning t

he game is leading to 1 ,   £ pushing forward and sending more players to attack or

 defend. This leads to significantly increasing the number of corners in 1 ,   £ th

e last minutes and that is what we want when predicting corners.</p>
<p>Spot derby games. Derby games are always poor in 1 ,   £ goals, but very r
