Carnaval Baiano (em português: carnaval baiano) é o festival anual de carnavalesco no estado brasileiro da Bahia, principalmente em Salvador. O evento tem a duração de seis dias e começa na quinta-feira antes das cinzas ou concluindo Na Quarta Feira ao meio-dia.

Sambada Baiana - Wikipedia

Tall objects such as trees and skyscrapers are more likely than the surrounding ground to produce one of the connecting sparks and so are more likely to be struck by lightning. Mountains also make good targets. However, this does not always mean tall objects will be struck.
