Activision has been charging R\$70 for the current gen console version of Call of Duty for the last two years, but Modern Warfare 2 is the first time that price will extend to the PC. The PC has long been a holdout for arbitrary game price increases.

Call of Duty is bringing the \$70 game to Steam - PC Gamer

Modern Warfare 2 is jumping on the price hike bandwagon and players aren't happy about it. Unfortunately, the simple answer as to why MW2 is set at such a high price is that \$70 has become the new standard for triple-A games.
