

O O bet365

Hide and Smash is an exciting upgrade of the classic hide and seek game! In the game, you will be assigned to either the blue hide team or the red smash team at random. If you are a hider, your mission is to move quietly and swiftly, blend in with your surroundings by pretending to be a normal object, and collect all the keys before your opponents discover and smash you. If you're a smasher, your goal is not to be supported by the game as they are no longer supported by Microsoft. We're upgrading PC10 to the latest version available, follow the steps below.
